

Character Backpack activity for *Sadie* by Courtney Summers

Many of the characters in the book *Sadie*, like Maddie, Sadie, Silas and Keith, have objects with them that are clues to their past and to their deepest emotions, even their crimes. Choose one of these characters from the novel *Sadie* and imagine the things that they have in their backpack. You can draw or write your ideas. Go to the next level by finding a container ...a backpack, a shoebox, and turn it into a time capsule for this character.
