- e) Fun-loving

Answers:

*For the ones that answered mostly "A"

- A small, spritely horse would be best for you. This kind of winged horse needs lots of love and attention, but when given it, will perform amazingly. Although this horse

is not big, that doesn't mean he or she isn't fast. Don't underestimate your steed's ability. Watch out, though, for it can be easily distracted by the beauty of the world. Good luck!

(For example, Zeph, Pippa's steed, in the Winged Horse Race.)

*For the ones that answered mostly "B"

- A well-trained, experienced steed would be your best match. Although this steed might be older and a little proud, if you give it proper respect, it will reciprocate by flying with grace and speed.

(For example, Ajax, Sophia's steed in the Winged Horse Race.)

*For the ones that answered mostly "C"

- A mighty, massive winged horse is the best match for you. This horse might have some monster blood in it. It will require extra strength and lots of food—though it does not care about being showered with attention or love. You may well be injured or thrown off, so be prepared for this. But your chance of winning the Winged Horse Race is high.

(For example, Kerauno, Bas's steed in the Winged Horse Race.)

*For the ones that answered mostly "D"

- A proud, beautiful horse is your match. This gorgeous horse is undoubtedly a show stopper, but mostly for its looks. Winning the Race may be less important for you than impressing everyone with your flashy riding techniques.

(For example, Khruse, Khyrs's steed in the Winged Horse Race.)

*For the ones that answered mostly "E"

Wings don't seem to be for you. You need a very special horse—a water horse! But this part-horse, part-fish will perform wonders for you and you will undoubtedly win any competition that takes place in the sea.

(No known steed in the Winged Horse Race.)
