

**Forest of Reading – White Pine Award**  
**Synchro Boy by Shannon McFerran**

**Activity #3 – Art Activity**

A collage is an art piece that is made by collecting objects of different materials, such as photographs, fabric, or pieces of paper, and gluing them to a backing. A collage can also be used to portray a message or a theme.

Using materials available to you, create a collage for the novel “Synchro Boy” that would provide someone who has never read the novel an idea of what the novel is about. Think about what aspects of the novel you would want to portray. Would you focus on characters, plot, or both? You can do this in groups, pairs, or alone.
