

# Your Very Own Field Guide

Name: \_\_\_\_\_

If you are reading this, you live in Canada! Hurray!

Norris, however, moves from Canada to the United States of America. He uses his “diary” field guide to cope by drawing pictures and making notes of the people at his school. Now it is your turn to make a Field Guide of your school!

Spend 20-30 minutes making a field guide of your school by drawing, writing, decorating—anything creative. Be sure to include friends, teachers and your city (Take a note from Norris: don't be mean to others in your descriptions!). Share your page with your class and discuss what you created.
