

**HARBOURFRONT CENTRE INCLEMENT WEATHER THRESHOLDS**  
**QUICK REFERENCE GUIDE**

Weather monitoring is the responsibility of the Program Lead, Production Lead and/or Site Commander (Security Supervisory) for all events (internally produced, co-produced, rental or other). The following thresholds have been established to inform outdoor programming:

**Lightning detected within 24 km and/or Severe  
Thunderstorm Watch Issued and/or Sustained High  
Winds (40-60km/hr) or gusts up to 90km/hr**

- DoD/Site Commander to notify EOC Commander
- All staff are to be notified of the potential for a delays, relocations, or cancellations, or activities.
- Staff to lower and/or secure any equipment/signage that may become unstable/come loose in strong winds.
- Sales from any tent or outdoor venue will stop.
- Note: Evacuation of patrons will begin if it appears the storm is moving toward the campus.

**Lightning within 12 km and/or Severe Thunderstorm  
Warning Issued and/or Sustained High Winds Exceeding  
60km/hr and/or Tornado Watch**

- \*In addition to previous list
- All staff informed that all outdoor activities are suspended.
- Evacuation of all outdoor activities and patrons to exit the campus.
- All event performers and officials will Seek Shelter in pre-designated safe structures.
- Staff prepared to Seek Shelter.

**In the event of Tornado Warning or Sighting**

- Seek Shelter via all available means.
