Activity 2 - Art Activity Mixed Up Dinosaurs

In the story, Benny loves bananas and T-Rex dinosaurs so he creates his own new dinosaur called a Bananasaurus Rex. What is your favourite food? What is your favourite dinosaur? Can you combine your favourite food and favourite dinosaur to make a new one?

Here's another example: Spaghetti + Diplodocus = Spagodocus!

Using your imagination and your drawing skills create your very own food dinosaur. Draw a picture of it in the box below:

_____ + _____ = _____

Activity Extension:

Collect a whole bunch of recycled materials (food boxes, tin cans, tissue boxes, GOOS paper, plastic containers) and work in small groups to build one of your food-o-sauruses!
