Inquiry Activity

Cody and Autumn were assigned a project by their social studies teacher, Ms. Koon.

The purpose of the project was to share something or someone that makes society better. Cody and Autumn chose to share how the local community centre helped others in their community.

Your task is to choose someone or something that makes society better.

Create a poster, video, podcast or interview and share with your class. Use Apple Keynote, Canva, WeVideo, Flip, Padlet, Google Slides, iMovie or a presentation tool of your choice.
