Gnome Is Where Your Heart Is- Spaceship Art Activity

Gnedley arrives on Planet 525-1 aboard the Gnar Five, a ship for the Interplanetary Natural Archives Alliance. After emergency landing, Chief Gneelix needs to make lots of repairs to the Gnar Five.

Using the space below or the back of the page, design a new ship for the Interplanetary Natural Archives Alliance. Use any material you would like to decorate your ship (pencil crayons, markers, etc.). As an extra challenge, use your design as a blueprint to create a 3D model of your ship with materials such as popsicle sticks, clay, or Lego! Get creative and don't forget to give your ship a name!
