Document #5 Apartment 713 - Building the Regency (STEM)

Using upcycled materials from home or within your school, build a mini model (approximately 30 cm tall) of the outside of the Regency building.

Upcycled materials can include:

- Glass
- Ceramics
- Plastic
- Cardboard
- Wood
- Paper
- Metal/cans
- Styrofoam
- Fabric

Your mini model of the Regency can include these characteristics:

1. The words “the Regency” on the building
2. The words “Home” and “Heart” on the building
3. A main entrance door
4. At least six (6) windows
5. Two (2) sculptures of angels
6. At least one (1) animal sculpture
