Document #3 Apartment 713 - Bedroom mural painting

At the beginning of Apartment 713, Jake was disappointed and discouraged with the weathered aesthetics of the interior of his new apartment, including the peeling wallpaper on his bedroom walls. We come to learn that a famous painter once painted a mural on the walls of the Regency in the 1920s when the building was new. If you were hired as the painter of the Regency in the 1920s, what would you paint on the walls?

Use the space below to sketch out your mural. If you wish, paint your mural on a small canvas!
