

What's in a Name?

Jude is very particular about their chosen name (which is different than the name chosen for them at birth). After reading *Jude Saves the World* by Ronnie Riley and listening to the story *That's Not My Name* by Anoosha Syed, compare and contrast the messages from each of these authors about names. On the lines below explain how you feel about this issue and why?

*For work at home, find out the reason why your parents chose a particular name for you (Does it have a particular meaning?).
