

Harbourfront centre

Directions for Bus Drivers

Getting here is easier than you think!

Harbourfront Centre has a bus loop available to pre-registered groups attending programs and events at Harbourfront Centre.

You can access the bus loop by

1. Traveling south, down
Lower Simcoe Street
2. Driving from the east along
Queens Quay West

Follow the mapped routes to avoid turning restrictions. Additional instructions are available on our website under **Getting Here**.

***Please note:** Buses cannot stay on Harbourfront Centre property to wait for their passengers. After dropping off your group, please return to the bus loop 15 minutes before your pick-up time.

Legend

- Coming from the west along the Gardiner Expressway, take the Lower Simcoe St exit and turn right.
- Coming from the east along the Gardiner Expressway or Lakeshore Blvd, take the York St exit, travel south to Queens Quay West and turn right. Use the left-hand turning lane at Lower Simcoe to enter Harbourfront Centre's bus loop.
- Coming from the north, find your way to Front St, then turn south down Lower Simcoe St.
- We recommend avoiding coming in from the west, along Lakeshore Blvd, as you will have to turn north on Rees St, then east on Bremner and finally south on Lower Simcoe.
