Exploring Memories: Photography Project

In the novel, *The Space Between Here & Now*, Aimee tell Junho she is working a photography project. During her visit to Korea, Aimee takes photos that capture her experiences. Photographs help us recall the importance of telling stories and preserving memories.

Create a photo collage, with 5-6 photos, that captures significant moments and memories in your life.

Instructions:

1. Choose a theme for your photo collage. The theme should be related to important moments or memories in your life. For example:
 - a. Family and Friends - capturing moments with loved ones.
 - b. Daily Life - everyday activities and routines
 - c. Nature and Environment - scenes from your natural surroundings
 - d. cultural traditions - celebrating cultural or community events
 - e. personal hobbies - activities you enjoy
2. Brainstorm the photos you wish to include or the photos you will need to take to include in your collage.
3. Plan and organize the layout of your collage.
4. Create your collage.
5. Write a brief summary of the chosen theme, a description of each photo, and a reflection on what you've learned from your collage.
6. Share your collage with your class.
