

Reading Response (Venn Diagram)

How are you similar or different to Hailey or Kyle?

Venn diagrams help you to compare and contrast ideas and information. Please complete the Venn diagram on the following page. Please add the following information to the Venn Diagram:

- Place your name in the top of the left circle and Hailey or Kyle's at the top of the other circle.
- Add character traits (with proof) that Hailey or Kyle displays in the book (e.g., sad-Hailey misses her grandpa) if you are also sad and miss someone too you can add the trait to the BOTH section of the 2 circles.
- Add your own character traits (with proof), again placing them in the centre if you share your traits with one of the main characters.
- Decorate the sides of your page with important symbols from the book whilst thinking about what you have in common or don't have in common with Hailey or Kyle.
