

Salma Joins the Team

Activity: Team Spirit Collage

Objective: Students will create a collage that represents teamwork and inclusivity, reflecting the themes of the book.

Materials Needed:

- Construction paper or poster board
- Magazines (for cutting out images)
- Scissors
- Glue sticks
- Markers, crayons, or coloured pencils

Instructions:

1. **Discussion:** Start by discussing the themes of teamwork and friendship in *Salma Joins the Team*. Ask students what they think makes a good team and how they can support each other.
2. **Brainstorming:** Have students brainstorm qualities of good teammates. Write these on the board (e.g., supportive, encouraging, fun).
3. **Collage Creation:** Each student will take a piece of construction paper or a section of poster board as their base.

They will cut out images from magazines that represent teamwork, sports, friendship, and diversity. Encourage them to find images of people working together, playing sports, or helping one another.

After gathering their images, students will arrange them on their paper and glue them down. They can use markers or crayons to add their own drawings, words, or phrases that represent teamwork (like "We are stronger together!").

4. Presentation: Once the collages are complete, have students present their artwork to the class. They can explain what they chose and how it connects to the story.
