

**Dog vs Human: A Showdown
of the Senses by
Stephanie Gibeault and
Bambi Edlund (Ill.)**

Sensory Detective

Activity: Test your senses. At school or at home, collect items and document your findings in each category. NOTE: Do not put anything in your mouth that is not food, or that could be considered a choking hazard.

Feel: Is it rough, smooth, hard, soft, bumpy?

See: What does it look like?
Shape, size, colour...

Smell: Does it have a smell?
What does it remind you of?

Hear: Tap it, or shake it. Does it make a sound?

Taste: Sweet, sour? *only use if appropriate*
