

Name: _____

Taxi Ghost - Art Activity: Drawing Facial Expressions

Sophie Escabasse is gifted at drawing very expressive characters. Find some examples in "Taxi Ghost" of how she shows surprise on the faces of her living and spectral characters. You will see wide open mouths and eyes with no pupils. You will also see emanata above the heads of the characters. Find out what the following emanata refer to: indotherms, plewds, squeans and grawlixes.

Design some faces of your own characters in a graphic style expressing each of the feelings listed below, (don't forget to add some emanata), then choose one feeling of your own to create!

HAPPINESS

SADNESS

ANGER
