

Blue Spruce Voting Prep Sheet

Look at your ratings, think about your choices, and get ready to vote!

Step 1: Check Your Ratings

- Look at the stars (or hearts) you gave each book.
- Ask yourself:
 - Did I colour the right number of stars for how much I liked it?
 - Did I explain why I gave that rating?

Step 2: Think About Your Connections

- Which books did you relate to the most?
- Which parts of the story, characters, or pictures made you feel something or think about your own life?
- Why might you recommend your top book to a friend?
- Would someone else enjoy this book even if they are different from me?

Step 3: Make Your Vote Count

- A **valid vote** is one where you've read (or listened to) the book and your rating matches how much you actually enjoyed it. You clearly mark an X for your favourite book on the ballot.
- A **spoiled vote** is one where you didn't mark an X under your favourite on the ballot.

Remember: Vote honestly so your choice really counts!
