

## The Truth about Vanilla: How Edmond Albius Made History Garden Art

Edmond loved to work with Ferréol in his gardens! During their time together, Edmond learned how to hand-pollinate many different types of flowering plants. Here are some of them:

			
Pumpkin Flower	Sweet Potato Flower	Squash Flower	Vanilla Orchid Flower

In the box, draw a picture of Edmond in the gardens. Include some of the flowers. You could even research what the plants look like fully grown! How would the gardens have been arranged? Use your imagination and remember to colour it, too!
